About
About SafeWA
Your check-in information is encrypted and stored for a maximum of 28 days. Information will only be made available to authorised WA Health COVID-19 contact tracing teams, should it be necessary.
WA Health will contact you if you have checked-in at a venue visited by someone who tests positive to COVID-19. Your personal details will not be available to the business owner or venue operator.
Your check-in information will be automatically deleted after 28 days.

What you should know
Your location information is stored every time you perform a check-in. At no other time does SafeWA track your location. Your location information is stored for 28 days, and will then be deleted. If you are identified as a contact of a person infected with COVID-19, your details will be retained for contact tracing purposes only.
WA Health will contact you if you visit a venue visited by someone who later tests positive to the virus using the details you provide in SafeWA.
Changes to this policy
WA Health may update this policy from time to time. If WA Health change this policy, we will notify you when you when you next use SafeWA.
Consent
By tapping I CONSENT below, you consent to:
the collection, use, storage and disclosure of personal information as set out above and in the SafeWA Privacy Policy; and
the SafeWA Terms of Use.
I consent
Permissions
Permissions required
To use SafeWA you must grant access to your camera so you can scan it to venues.
