## Home Affairs Portfolio Department of Home Affairs Budget Estimates Hearing – May 2023

#### **KEY BRIEF**

#### **Topic: International Students**

Responsible Deputy: Stephanie Foster PSM, Associate Secretary, Immigration

#### Key Messages - Program Year 2022-23 to date (31 March 2023) highlights

- This program year to the end of March 2023 continues to be a record year for the student visa program, with close to pre-pandemic level of interest for studying in Australia.
  - 417,213 **global student visa lodgements** were the highest ever in the history of the program compared to the same period over previous years (since 2001-02 when reports became available).
  - 428,496 **student visas granted globally** is the highest ever in the history of the program compared to the same period over previous years (since 2001-02 when reports became available).
  - Several nationalities, who were amongst the existing top 10 source countries, experienced a three digit percentage increase in visa grants (**Table 1 refers**).
- Numbers of students in Australia have now returned to pre-pandemic levels, with 582,758 onshore as at 31 March 2023.
- From 1 July 2023, unrestricted work rights for student visa holders will cease, and be replaced with a 48 hour per fortnight limit. This represents a 20 per cent increase on the working hour cap before the pandemic.

## **Key Points**

- 417,213 student visa applications were lodged between 1 July 2022 to 31 March 2023 made up largely by the three largest sectors being:
  - o 53 per cent (219,906) were for study in the Higher Education (HE) sector;
  - o 28 per cent (114,893) in the Vocational Education and Training (VET) sector; and
  - 12 per cent (51,464) in the Independent English Language Intensive Courses for Overseas Students (ELICOS) sector (Table 2 refers).
- From 1 July 2022 to 31 March 2023, 511,149 student visa applications were finalised globally. This is a 54.7 per cent increase when compared to the same period (prepandemic) in 2019-20 (330,284 finalisations).
- As at 31 March 2023, there has been a 64 per cent decrease in the number of student visa applications on hand when compared to 30 June 2022 (144,567 applications on hand compared to 51,643 on 31 March 2023).

# Key Brief Number: IG-02

- In March 2023, the overall median processing time for Student visa applications across all sectors was 15 days, compared to 40 days in July 2022 (62.5 per cent reduction). Median processing times were:
  - 41.9 per cent lower (at 18 days in March 2023 compared to 31 days in July 2022) for the offshore student visa caseload; and
  - 91.5 per cent lower (at 11 days in March 2023 compared to 130 days (4 months) in July 2022) for the onshore student visa caseload.
- The age of the on hand student visa caseload has also dropped. At 31 March 2023, 65.6 per cent (33,857) of the student visa applications on hand were less than one month old; and 86 per cent (44,418) were less than two months old.
- As at 31 March 2023, China (111,494), India (96,455) and Nepal (56,423) were the top three source countries for student visa holders in Australia accounting for 45 per cent of the 582,758 student visa holders in Australia.
- Of the number of temporary visa holders onshore (2.4 million), students accounted for 23.9 per cent of them as at 31 March 2023.
- There has been an increase in non-genuine applicants and fraud in student visa applications, with a corresponding decrease in the offshore student visa grant rate compared to the same period (pre-pandemic) in 2019-20. The offshore grant rate in 2022-23 to 31 March 2023 was:
  - 51.1 per cent in the Vocation Education and Training sector (compared with 63.9 per cent over the same period in 2019-20).
  - 84.5 percent in the Higher Education sector (compared with 89.4 per cent over the same period in 2019-20).
