the Aboriginal Tent Embassy and the Australian National University.

The march was monitored by members of ACTP from Belconnen, Woden and Gungahlin Stations with the assistance of Crime Reduction and SRG members.

About 10.45am Police approached the organisers to confirm the agreed route and to view participant numbers. The march organisers reneged on the agreed route and advised of a route that would have caused significant disruption to traffic and endangered the participants and road users.

Police negotiated with members from the Tent Embassy and students resulting in a minor amendment to the original agreed route.

The march of between 100-150 protesters was monitored and only one issue was identified when the march organisers attempted to use the public roads. Police immediately returned the march to the footpaths and no other disruptions or significant issues occurred despite there being a number of identified persons of interest within the group.

UNCLASSIFIED

Good afternoon

At 10.30am this morning s47F and I attended a meeting at the Aboriginal Tent Embassy (ATE) in relation to the Students of Sustainability (SoS) festival occurring from 1 July to 5 July 2014.

Present at the meeting were reps from NCA and TAMS. The SoS were represented by s47F. s47F. Although s47F was the main point of contact she left the talking to s47F.

The SoS is an "Ideas and arts" festival and conference held at ANU now in its 23rd year. 350 people are expected to attend and the majority of them will be camping with the grounds of the ATE during the week.

The main issue with the festival is a proposed march from the ATE to ANU on Tuesday 1 July from 11am. Organisers informed us that they will be marching on King George Terrace to Commonwealth Ave, across commonwealth ave bridge, through Vernon Circle, left onto London Circuit and right onto University Ave and ending at the University. s47F

TAMS, NCA and ACTP attempted to negotiate with the SoS reps to walk along the footpath, or at the least put in an event application and organise traffic management. All parties explained to SoS that the fundamental reason for doing this is to ensure their safety and the safety of others. It was also explained that marching on the street without any form of traffic management or prior warning may alienate the public and impact negatively on their cause.

s47F
s47F. Police, TAMS and the NCA will continue to engage with SoS to put traffic management in place for the march.

All parties discussed the remainder of the festival and at this time there is nothing to indicate there will be any issues for Police. All conferences and events will be held at ANU and transport to and from the ATE will be via private vehicles and public transport. NCA informed the organisers that they are not to camp or set up facilities on Commonwealth land outside the tent embassy. The SoS is not affiliated with the AYCC National Summit occurring on 6 July but believe there will be attendees who will remain in Canberra to participate in the National Summit. The West Papuan flag raising ceremony will be held on Wednesday 2 July at the ATE and SoS attendees will participate in this event before heading to ANU for conferences.

The organisers stipulated their cause is peaceful, but agreed there were people attending who are seasoned and passionate protestors, and that should these people cause trouble the SoS would not hinder Police in carrying out their duty. They could not provide Police with a list of attendees who were of concern.

About 1.30pm this date I spoke with s47F from TAMS who is of the belief that SoS won't make an event application as they won't be able to afford traffic management or public liability insurance. As such TAMS is preparing to organise a traffic management plan in the interest of public safety. s47F has informally requested the assistance of NCA and Police in the preparation and execution of this plan.

I will keep you updated on any further developments.

I would be available to meet at the Tent Embassy between 10.30 am and 12.30pm.
Please advise a suitable time so I can block out my diary.

If this meeting will also cover off details of the March, it might be worth inviting s47F from Roads ACT ?

Good afternoon s47F

Thank you for your email below in regards to your proposed march from the Tent Embassy to ANU on 01 July as part of the Students of Sustainability event.

I spoke with s47F earlier in regards to this event and advised him that if you intend to hold an event or march on national land we would require the following documentation to be submitted:-

Event application form (see attached)

Risk management plan (to include the use of traffic marshals to assist with crossing of roads, wet weather contingency plan, first aid, evidence of police consultation etc)

Temporary Traffic Management Plan from Roads ACT (if you intend to close or walk on roads within ACT)

Copy of your public liability insurance certificate

Camping is not permitted on national land and as discussed with s47F earlier if you intend to camp you must stay within the tent embassy grounds and not encroach into the National Rose Gardens or the East/West lawns surrounding the tent embassy site. Approval from s47F at the tent embassy to camp on site would also be required.

If you have any questions relating to these documents please give us a call.
