Thanks s47F

I must admit I'm getting a little anxious about where this is heading, hopefully us little guys are ok at the end of this

Hi s47F

I am going to be in Hobart for the RAPAC meeting on 20 Nov to discuss the proposed airspace changes, will you be there?

If so we can have a side meeting to discuss the detail as it might affect your operations. I can come to your office on the morning of the 20th, after RAPAC or on the morning of the 21st. Please let me know what you would prefer.

Mid-morning works for me. Where do I need to be and when?

I want to talk about CTA changes primarily but happy to discuss SID/STAR options.

Hi s47F [redacted]

I'm heading to Melbourne in the afternoon... so I could meet mid morning?

Is this also regarding non-jet sid/star which I've heard about ?

Dear s47F [redacted]

I am managing the project that will be proposing some changes to the airspace at Hobart. I would like to discuss with you any issues you have and show you some potential changes in controlled airspace that might be introduced to facilitate revised SID and STAR.

I will be in Hobart on Thursday 13th Sep and will be attending and presenting at the CASA AVsafety seminar in Hobart that evening.

Do you have time to meet with me on the 13th? Any time that suits you works for me.

Looking forward to hearing from you.

Regards
