Dear Mr Brown

I refer to your email regarding the implementation of wayfinding signage within the Gosford City Centre and requesting the cost of provision.

I can advise that these pedestrian signs were developed as part of an overall Wayfinding Strategy, which included the development of a suite of signs as well as the construction of the prototype signs which you have noted.

Council allocated \$50,000 towards this Wayfinding Strategy project. At this point in time, no further funding has been allocated to produce additional signs.

Should you wish to discuss the project or the above information please feel free to contact me on telephone 4325 8237.

Yours sincerely

A handwritten signature in black ink, appearing to read "D Medcalf".
