 s10 CRPD mapping.docx

Hi Sarah,

Attached is the work completed by the team to map Schedule 1 of the transitional rule against the articles within the CRPD.

We have just listed relevant articles, not any justification as to why.

Happy for any feedback or to chat.

Thanks

Thanks s 22 that sounds good. I spoke to Peggie and she is hoping your list s 47C

s 47C

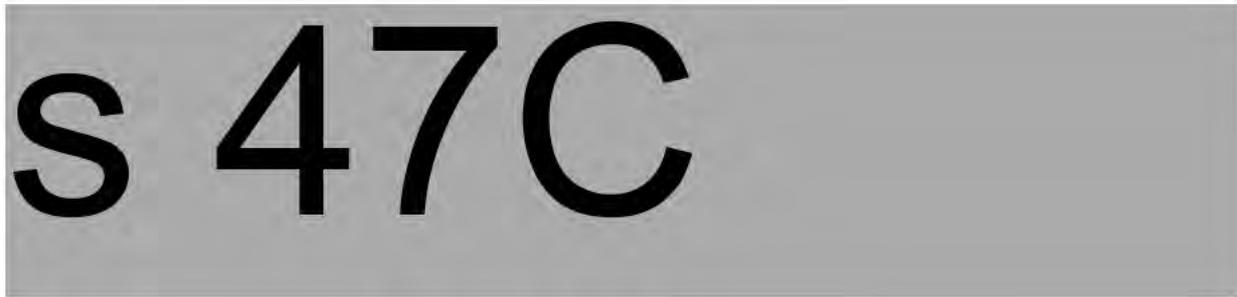

s 47C s 22 can you please send to s 22 and me when we receive final input from NDIA? James is keen to understand slippage and maintain record of original due dates.

The mark-up sounds like good idea as well.

And thanks for develop paper on iterative approach because we need to take that back to DSOG. Perhaps it could be combined with the engagement approach?

Hi Peggie,
Sorry for spamming you this morning!
I had a quick chat with Leo about this and s 42

In terms of the lists s 47C

s 47C

We can get going on instructions for drafting errors and areas for clarification or s 22 and s 22 could work together on the policy paper you need to provide to your SLT.
Let's discuss next steps when we catch up later today.

kind regards,
Sarah

Thanks for this Sarah,

As discussed last night, I understood the purpose of the mapping was really to inform some legal advice about what impact the AGS advice § 42

It would be great to get a view from Leo on the implications of the AGS advice § 42. Conscious we are due to provide you a policy position on s10 by May, so grateful if you can let me know when that advice could be received. I'm also keen to give our SLT a heads up sooner rather than later if it looks like 'two' lists will be required.

Kind regards
Peggie

Hi Peggie,
Please see attached mapping undertaken by § 22 team of the 36 NDIS support categories.
I will discuss with § 22 and § 22 what else might be required for example, to support the Explanatory Statement.
Also, please let me know if you think further work is required.
thanks,
Sarah

Afternoon Boss.

I have summarised what I think are the main points of s 42 for S10 from the primary docs you have shared with me that cover this issue.

I have included both a dot point summary and more detailed explanation as I was not sure what you were after.

Hopefully, this is what you had in mind.

If you have time tomorrow, could we go over this together and the other small tasks I have sent you? I would appreciate some feedback .

See you tomorrow Boos Lord.

Kind regards.
