Subject: Re: Important Information regarding Life Gold Pass entitlement [SEC=UNCLASSIFIED]

Thank you for that information. I did not use the entitlement in the last half of last year but have made a booking from Melbourne to Sydney and Melbourne to Canberra in early July. I have received confirmation of these two bookings. Are they still covered by the Gold Pass?

I am sure that it is not the Department's fault but I am surprised at this decision as this entitlement was part of my superannuation - given that the income I earned as a minister was half what I would have earned as a lawyer at that time. I look forward to more detail from you. Am sending this message from Hong Kong airport as I have just received your email,

Ian Macphee.
