Subject: RE: Engaged and Active

Hi s22

Will have a look at this Monday. Just to clarify, if approved, funding is paid on invoice not at start date. Happy to change start date but must be aware that the assessment takes time and may be delayed over Christmas if not completed before. The start date is not fixed but rather indicative of the time taken for the application process to be completed. If approved prior to Christmas, it is likely you would have the grant no later than the end of January 2016 (subject to TfNSW receiving correct invoice and paperwork). I had assumed that it would be unlikely for a camp to take place in the first weeks of school.

Regards

s47F

Hello s47F

Thank you for your work on this and your assistance to date.

Please find attached our edits in red. The main one being the start date, is it possible to start the funding in February not April to be in line with the school year?

Happy to discuss.

Regards,

s22

Subject: [SUSPICIOUS ATTACHMENT REMOVED] [PMX:Encrypted] [VIRUS REMOVED] Engaged and Active

Hi All

Attached is the draft of the transport project that I have called Engaged and Active to provide transport to Aboriginal youth in s47F to camps coordinated by s47F

As indicated previously, the application does not provide too much detail as most of this is in internal documents associated with the application.

Engaged and Active

- Funding \$10,000 (plus GST)
- Duration – 24 months
- Nominal commencement April 2016
- Based on providing a transport to 4 annual overnight camps and one or two camps out of the area.
- The transport will be provided by brokered community bus or commercial company (whichever is available and the most cost effective).
- Whilst predominantly for Aboriginal youth, non-Aboriginal youth can also attend.

Please let me know if you have any questions or let me know of changes that are required or additional information you may be able to provide.

When you have confirmed your satisfaction with the application I will submit for assessment.

s47F I will let you know of any progress made up until that time.

Regards

Ross
