Hi s22

Have taken on board the changes made.

I have not changed is the start month for reasons previously explained. The amount of time the project has been under development refers to when TfNSW become involved which I generally use three months for a project that has been quick from contact to application. Hence three months will be used. This has no real bearing on the application assessment.

I will submit the application for assessment and will be forwarding a hard copy to s47F s47F for signature.

Hello s47F

Thank you for your work on this and your assistance to date.

Please find attached our edits in red. The main one being the start date, is it possible to start the funding in February not April to be in line with the school year?

Happy to discuss.

Regards,

**Subject:** [SUSPICIOUS ATTACHMENT REMOVED] [PMX:Encrypted] [VIRUS REMOVED] Engaged and Active

Hi All

Attached is the draft of the transport project that I have called Engaged and Active to provide transport to Aboriginal youth in s47F to camps coordinated by s47F

As indicated previously, the application does not provide too much detail as most of this is in internal documents associated with the application.

**Engaged and Active**

- Funding \$10,000 (plus GST)
- Duration – 24 months
- Nominal commencement April 2016
- Based on providing a transport to 4 annual overnight camps and one or two camps out of the area.
- The transport will be provided by brokered community bus or commercial company (whichever is available and the most cost effective).
- Whilst predominantly for Aboriginal youth, non-Aboriginal youth can also attend.

Please let me know if you have any questions or let me know of changes that are required or additional information you may be able to provide.

When you have confirmed your satisfaction with the application I will submit for assessment.

s47F [REDACTED] I will let you know of any progress made up until that time.

Regards
