Dear Mr Mathews

Freedom of information request 16-21

The purpose of this letter is to give you a decision about access to documents that you requested under the *Freedom of Information Act 1982* (FOI Act).

Background to Decision

You requested access to documents relating to correspondence between ASADA and the Nine Network. Specifically you sought access to:

- *Documents and/or correspondence including emails, file notes, briefing and phone records exchanged between a member of ASADA and any Nine Network employee, or relevant production company, between the dates of 29 August 2013 and 27 September 2013 that relate to or discuss Sandor Earl's appearance and interview on the NRL Footy Show, aired on 26 September 2013.*

Your request was received on Thursday 4 August 2016. An acknowledgment of your request was sent to you via email on Monday 8 August 2016. That correspondence informed you that a decision was due to be made by **Monday 5 September 2016**.

Authority and Materials Considered

I am an officer authorised under section 23(1) of the FOI Act to make decisions in relation to FOI requests.

In reaching my decision I have taken into consideration:

- The relevant provisions of the FOI Act;
- Relevant guidelines issued by the Office of the Australian Information Commissioner; and
- Relevant Tribunal and Federal Court decision concerning the operation of the FOI Act.

Summary of Decision

I have refused your request for access to documents because the documents you have sought access to cannot be found or do not exist.

Reasons for Decision

Under section 24A of the FOI Act an agency may refuse access to a document if all reasonable steps have been taken to find the document and the agency is satisfied that the document is in the agency's possession but cannot be found or that the document does not exist.

ASADA has taken comprehensive steps to locate the documents you have requested, having regard to:

- The subject matter of the documents
- The current and past file management systems and the practice of destruction or removal of documents
- The records management system in place
- The individuals within ASADA who might be able to assist with the location of the documents; and
- The potential age of the documents

ASADA has undertaken extensive searches of its electronic holdings and been unable to identify any documents which may fall within the scope of your request. These searches included, but were not limited to, a review of all email correspondence sent from ASADA to Nine Network email addresses during your identified timeframe. I do not believe that the type of documents which would fall within the scope of your request would exist in hard-copy without an electronic equivalent which would have been captured by the searches.

ASADA's Media Team has been consulted as to whether or not such documents may exist. The Media Team does not hold any records which fall within the scope of your request.

I consider that reasonable steps have been taken to locate the documents that are the subject of your request. I am satisfied that the documents either cannot be found or do not exist.

Your review rights

If you are dissatisfied with my decision, you may apply for internal review or Information Commissioner review of the decision.
