Dear Ms Chatterjee

Formal Access Application – Opportunity to Amend Application

I refer to your Formal Access Application (Application) under the *Government Information (Public Access) Act 2009* (the **GIPA Act**) received on 17 October 2016 in which you sought access to the following:

Building surveys and/or any other documentation which contains information regarding the structural soundness, life expectancy or condition of the housing and buildings which constitute the Waterloo Estate, Sydney.

Relevant documents which contains the information mentioned above e.g. surveys, reports, studies or drawings, from the point the buildings were constructed. If this is not feasible, the most recent documents will suffice. (the **Information**).

I have identified that there are in excess of 32,000 records that require determination for the Application. I am of the view that given the scope of the Information sought in your Application and the time to deal with your the Application is likely to require an unreasonable and substantial diversion of LAHC's resources in accordance with section 60(1)(a) of the GIPA Act.

In accordance with section 60(4) of the GIPA Act, I am giving you an opportunity to amend your Application before I refuse to deal with it on that basis.

In light of the above, a reduced scope is required from you in order for me to be able to consider your Formal Access Application.

Please let me have any amendment to your Formal Access Application by **5:00pm on 25 November 2016**. If I have not received a response from you by this time I will proceed to determine your Formal Access Application.

If you require any further information, please do not hesitate to contact Anke Gibbons, GIPA Officer on telephone (02) 8753 9416.

Yours sincerely

Anke Gibbons
GIPA Officer
Land and Housing Corporation
