### Our Shire

Central Darling Shire encompasses an area of over 53,000 square kilometres, making it the largest Local Government Area (LGA) in New South Wales. Conversely, population figures for the Shire are one of the lowest with 2,108 residents dispersed throughout and surrounding the towns of Ivanhoe, Menindee, Wilcannia and White Cliffs, and its localities of Darnick, Mossgiel, Sunset Strip and Tilpa.

The principal economic activities within the Shire include pastoral, horticultural, agricultural, mining and tourism. Rural grazing properties represent the largest land use within the Shire, accounting for 97% of the entire area.

The Central Darling Shire is bounded by the Shires of Bourke, Cobar, Carrathool, Balranald, Wentworth and the Unincorporated Area.

### Our Mission

"Realising quality opportunities for all in the Central Darling Shire through Effective Leadership, Community Involvement and Facilitation of Services".

### Our Values

Through a collaborative approach and strong commitment, the values that will support our mission and guide us in achieving our visions are:

- Energising Leadership
- Customer Service and Contribution to Community
- Innovation and Continuous Improvement
- Equal Opportunity and Caring for Individuals
- Political Harmony
- Teamwork
- Ethical Behaviour

## Our Towns

### Menindee

Menindee is an oasis in the Outback, a beautiful spot to soak up the outback atmosphere with the convenience of modern services at your fingertips. Dubbed the first town on the Darling River, Menindee has a rich Indigenous and European history. Menindee is located close to Kinchega National Park where visitors can enjoy spectacular views of the Menindee Lakes and the Darling River, as well as close encounters with local with local wildlife.

Menindee is associated with bold explorers of the outback, Burke and Wills, Mitchell and Sturt, and the pastoral tradition of wool production and labouring paddle steamers transporting bales to market. Many travellers today are surprised to find great fields of grapevines and fruit under irrigation besides the Lakes that Major Mitchell originally named "Laidley's Ponds".

### Ivanhoe

Ivanhoe is a town situated on the Cobb Highway 220 kilometres North West of Hay. The township provides visitors with a pleasant break to their journey in an outback pastoral community. Friendly people, clean amenities, landscaped recreational areas and a self-guided Heritage Trail, enable visitors to enjoy a short break and gain an insight into the town's interesting past.

Retrace the exploits of bushrangers, the journeys of Cobb & Co and the advent of the railways as you follow the Ivanhoe Heritage Trail. Through tough times and good, flood and crippling drought, towns like Ivanhoe have earned their place in Australian history.

#### Wilcannia

Wilcannia has a rich and vibrant history. Once known as the “Queen City of the West”, it was the third largest shipping port in Australia. In the boom years of the 1880’s, sandstone was quarried locally for the beautiful buildings that stand today as a reminder of those heady days.

A short drive or walk around town will reveal the great sandstone buildings, historic centre Loft Bridge and old wharf that handled all that cargo so many years ago. Wilcannia has a large Aboriginal community, being the traditional home of the Barkandji people (Barka Meaning River).

#### White Cliffs

White Cliffs is unique! Precious seam opal was discovered in White Cliffs in the 1890’s and opal from this field was the first to be marketed overseas (giving White Cliffs the distinction of being known as Australia’s first Commercial Opal field).

To escape the high summer temperatures, early miners soon began to live in their working mines enjoying the constant underground temperature in the mid-twenties all year round. These were known as “dugouts” and became home for many miners.

Today, modern dugout homes provide a unique housing style for many White Cliffs residents with all the conveniences of any modern home but being environmentally friendly, little heating or cooling is required.

#### Tilpa

The origin of the name "Tilpa" may be found in the Barkandji word "thulpa", which means "floodwaters", for it is in the vicinity of Tilpa that the Darling River floods up to seventy kilometres wide in major floods.

The village of Tilpa came into existence in 1876 when Arthur Cotton opened a store. James Buckley built the Wee Wattah Hotel where the Tilpa Trading Post is now located in the same year.

By 1894, Cotton's store was owned by David Jones & Co. who sold it to Edmond Perrott who turned it into a hotel named the Royal. This is the existing Tilpa Hotel.

In 1880 a Postal Receiving Office was opened in the store. Tilpa had a school from 1896 till its closure in 1945.

A punt served as the only means of crossing the Darling River at Tilpa until the bridge was completed in December 1963.

#### Sunset Strip

Sunset Strip was gazetted in 1965 as a village within the Central Darling Shire, 20 km north-west of Menindee, situated on the northern shore of Lake Menindee. A unique outback take on a holiday by the sea, Sunset Strip is a home-away-from-home for many Broken Hill residents needing a weekend escape. Sunset Strip can boast having its own Post Office and Community Hall with boating, fishing, golf and tennis being some of the activities available.

#### Message from the Administrator

In December 2013 the Minister for Local Government asked the Central Darling Shire Council to show cause as to why it should not be suspended for failing to comply with its legislative responsibilities in relation to the financial management of the organisation. The Council's financial position had been deteriorating steadily over recent years.

Following the Council's written submission to the Minister he decided, on 23 December 2013, to suspend the Council for a period of three months and to appoint an interim Administrator to perform the role and function of the governing body of the Council and Councillors under the Local Government Act. I was appointed as that Interim Administrator. My appointment as Interim Administrator was continued through both the second three month suspension and the subsequent period of the Public Inquiry. As I'm sure that you are aware, the councillors were dismissed in November of last year and I was appointed permanent Administrator.

A crucial part of my work as Administrator was to devise a "Recovery Plan" for the rehabilitation and recovery of the Council's finances. On assuming the role it was evident to me that the Council had no cash in the bank and was, in fact, operating on an overdraft facility for its daily operations. Clearly, this was not a sustainable position and jeopardized the future of the organisation and its capacity to deliver services and facilities to its citizens.

The Recovery Plan has formed the basis for my work, and the work of the Council staff, ever since in trying to return the Council organisation to some form of financial sustainability. Its key components are actions to introduce more fiscal discipline to the organisation, reduce costs and either improve the rate of return we receive on works carried out on behalf of third parties or to discontinue those works or services.

I am pleased to report that at the end of the 2014/2015 financial year a range of important milestones had been achieved towards that recovery:

- The Council budget has delivered a surplus for the 2014/2015 financial year
- The 2015/2016 budget projects an even greater annual surplus, and
- The Council's reliance on its bank overdraft has been eliminated and the organisation now operates with positive cash flow

The turnaround has been significant. In the 2013/2014 financial year (before the Administration period) the Council lost \$2.1 million. The \$1.1 million surplus for the year under review means that we have executed a \$3.2 million turnaround in just 12 months. It is an outstanding result and is a testament to the staff and management for their diligence and commitment to change; and to the residents for their understanding and willingness to try another way of doing things. All of this financial turnaround has been achieved without significant reductions in the levels of service delivered to our community.

There is much still to do. Further changes are necessary to ensure the security of the basic municipal services provided by the Council. Water, sewer and waste services are fundamental to good public health and safety and we will be focusing our efforts on these areas to ensure that not only do they meet their basic service objectives but that they are strong and self-reliant services that will stand the test of time.

My thanks go to General Manager, Michael Boyd, and his staff. I look forward to continuing to work side by side with them to make sure that our residents have good services at reasonable prices and a capacity to return, in the future, to a form of local democracy.

From the Office of the General Manager

Following my appointment as General Manager with the Shire in July 2014, it gives me great pleasure to report on the progress that has been made in the preceding 12 months.

The Annual Report provides an overview of Council's operations and performance during the previous 12 months, exemplifying the dedication and commitment by the staff of the Council under which can only be seen as challenging and difficult circumstances that continue to impact on the Council, the organisation and its staff.

In recent times, a number of staff, particularly senior staff, departed the organisation, and this lack of leadership and continuity created considerable uncertainty within the organisation. Fortunately, during the previous 12 months, the numbers of staff turnovers have diminished, albeit there have been some departures due mainly to personal and/or family reasons. On every occasion, the Council has re-assessed the need for replacement of the departing staff member, and on many occasions, has determined, that the required tasks can be achieved within the remaining staff allocations. In consequence, the Council has reduced its workforce primarily by natural attrition with the subsequent budget savings.

While addressing the Council's ongoing financial sustainability remains as the primary focus for the organisation, we have stringently implemented the critical issues highlighted in the Recovery Plan while ensuring that historic failures in legislative compliance have been corrected and a governance strategy set in place to ensure that the situation does not re-occur.

Considerable work has been undertaken by the Administrator and senior management in reviewing all functions, income and expenditure allocations of the Council. While this work is ongoing, the historic deficits have been curbed with a surplus achieved in 2014/15 and a projected surplus in excess of \$500,000 in 2015/16 as well. While this will assist in the short term, Council still needs to also address its historic failure to fund staff entitlements, restricted funds, and its cross subsidisation of water/sewer and waste management, as well as a number of governance issues.

Addressing these shortfalls will require continuing financial discipline within the organisation and I must acknowledge the leadership, advice and support from the Administrator, Mr Greg Wright, as well as the application, diligence, and commitment from Reece Wilson, as Director Shire Services, and Jacob Philp, as Director Business Services, and indeed the staff of the Council, towards the task of continuing to provide the appropriate level of services to the residents of the Shire with restricted available funding.

In accordance with Section 33 of the Privacy and Personal Information & Protection Act 1998, Council must include in its annual report a statement of the action taken in complying with the requirements of the Act.

Council has adopted the Model Privacy Management Plan and its Public Officer is available for contact on privacy matters. Council will review the Plan as more experience is gained from its implementation.

#### Government Information (Public Access) 2009 (GIPA) Act

Council received no applications under the Government Information (Public Access) 2009 (GIPA) Act. There was no contravention by Council of an information protection principle or of a privacy code of practice, or disclosure of personal information kept in a public register under Part 5 Section 33. There were no Freedom of Information activities outstanding from the 2014-15 financial year.

Details of programs to promote services and access for people with diverse cultural and linguistic backgrounds consistent with principles of multiculturalism.

At the 2011 Census, Central Darling Shire's population totalled 2,108 with 38% of the population being from Aboriginal or Torres Strait Islander heritage. This is a significant number compared to the 6.8% of residents who are from a non-English speaking background. Due to this low number it is neither practical nor economically viable for Council to place a strong emphasis on the non-English speaking community.

Throughout the Council towns there are a number of State and Federal Government funded services who provide for the Indigenous population and Council has over the 2014-15 reporting year has received funding to auspice the services of the Community Buses, Meals on Wheels and Home Care.

#### Public Order & Safety

##### Companion Animals

Health	
Performance Requirement	Assessment
To implement companion animal control measures	Ongoing task
To encourage registrations and micro chipping	Ongoing task
To assist with de-sexing clinics and education programs as required	RSPCA de-sexing clinic

Animal Control in Central Darling is an ongoing issue. Constant monitoring and control measures are needed to deal with roaming and straying animals including both dogs and cats. Council partnered with RSPCA, NSW Health and Remote Service Delivery providers to undertake a Dog Health & Desexing Program. This program provided a free service to community members located in Ivanhoe to treat companion animals in the form of worming, flea treatments and desexing. During the program held in November 2013, 60 -70 dogs and cats were treated and desexed. This was an excellent achievement and greatly assists Council to control companion animals through less puppies being born and left to roam around the township.

Other activities Council has undertaken to assist animal control within the Shire include provision of dog and cat traps to local residents (on a loan basis) to capture roaming animals, assist residents to surrender animals and rehome/remove as required, tend to injured animals and seek veterinary care as required through RSPCA in Broken Hill. Information items have been provided to educate local residents on animal control matters per the local newspaper and on rates notices.

Council has lodged relevant returns to the Office of Local Government as required being pound data collection returns and dog attack data. The amount of funding spent relating to companion animal management and activities was \$84,139. At this stage it has not been deemed necessary to allocate specific off leash areas within any Shire towns.

## Bushfire Hazard Reduction

### Hazard Reduction Programs

The Central Darling Bush Fire Management Committee has a significant role to play in the development of hazard reduction activities and funding priorities and holds regular meetings to discuss any issues or concerns.

Hazard reduction work carried out in the Central Darling Shire over the past year included mechanical works, such as grading and slashing, as well as a number of prescribed burns. The priority for works will be around villages and towns.

#### Hazard Reduction Works

##### *NSW Rural Fire Service – Far West Team (Incorporating Central Darling District)*

- Asset protection zones maintained around all townships and villages, including Wilcannia, Ivanhoe, Tilpa, White Cliffs, Menindee, as well as small communities such as Sunset Strip and Copi Hollow.
- Asset protection zones implemented around the 2 Wilcannia discrete Aboriginal communities.
- Fire trail maintenance works within the Mallee Bush Fire Prevention Scheme area and other registered fire trails.

A total of \$211,125 of external hazard reduction funds were sought and allocated through the Government funding process.

##### *Central Darling Shire Council*

- Roadside slashing.
- Maintained asset protection zone around Central Darling Waste depots.

##### *National Parks*

- Reserve fire trail maintenance.
- Strip burning along strategic fire trails.

#### Fire Safety Awareness

Community awareness activities are carried out as part of the NSW Rural Fire Service community education program; this is updated annually with community events, media activities and other activities carried out in accordance with Service protocols. Some examples include:

- Display at the Kilfera Field Day with information available.
- School & Community groups visits
- Brigade open day activities.

The above list is not exhaustive and does not include smaller buildings attached or associated with these main facilities. Three of the above listed items notably the Old Wilcannia Post Office, the Wilcannia Council Chambers and the Knox & Downs building are heritage listed sites within Wilcannia.

The Old Wilcannia Post Office building has had some renovations undertaken to the exterior of the building and inside the main front room, however still requires extensive works to the residential section and to the yard. Funding to continue the works is required and to date Council has not been successful in obtaining additional funding. The building is currently being utilised for Post Office purposes as intended.

## Caravan Parks

### Victory Park Caravan Park, Wilcannia

Situated on the banks of the Darling River at Wilcannia is Victory Park Caravan Park, set amongst majestic gum trees. During the reporting period this caravan park was under the control of the Central Darling Shire Council and operated as such, Council received a grant for \$40,000 to refurbish the existing amenities.

### Opal Pioneers Caravan Park, White Cliffs

Situated in the opal mining town of White Cliffs is Central Darling Shire Council's Opal Pioneer Caravan Park. The park has had upgrades to its power system and a dump point has been installed due to the increase in tourism numbers. The park has modern amenities. Rainwater tanks have also been installed at various locations within the grounds. This park is managed by a \$355 Committee of Council being the White Cliffs Community Association.

## Heritage

Council is actively involved in preservation of heritage items and assisting owners of local heritage items to retain and conserve buildings and items of heritage significance on a regular basis. Council has a Heritage Strategy that includes the provision of a Heritage Advisory Service and a Local Heritage Fund. Council receives funding from the NSW Heritage Office for these programs.

During 2014-15, Council's Heritage Advisor visited the Shire and met with local residents on 4 occasions at no cost to the residents.

The Heritage Strategy continues to be a worthwhile program for delivery across the Shire and has been in progress since 2008.

## Swimming Pools

Council owns, manages and operates 4 public swimming pool facilities across the Shire. These facilities are located in Wilcannia, Menindee, Ivanhoe and White Cliffs. Within each facility are a large pool and a small toddlers wading pool, apart from White Cliffs which only has one large pool operational. Council's public swimming pools are relatively aged, and require ongoing works to keep operational. White Cliffs has the newest pool being constructed in late 2012. Council employs Casual Pool Lifeguards each year to supervise its swimming pools. These employees are trained in First Aid, Bronze Medallion and Royal Lifeguard Licence. Extensive works have been undertaken to manage risks at our pools in the areas of signage and supervisory activities.

Council is mindful of the extensive summer heat, and has installed large shade sails over its pools in all locations. The amenities are all in average condition including Ivanhoe which received extensive works to bring the facility up to basic standard.

The pools are open from mid- November to March/April each year. The hours of operation are limited to 3pm to 6pm on school days, and 3pm to 8pm on weekends and school holidays.

## Town Planning

### Development Applications

Council receives a number of Development Applications (DAs) each year for a wide range of development varying from residential to commercial work. Council receives in the vicinity of 20-30 DAs per year, in the 2014-15 reporting period Council has received 25 DAs. The table below provides a breakdown on the types of DAs received, and the total value of these three main categories of development. Development in the Central Darling LGA is mainly in the townships of Wilcannia and Menindee; however development in the other towns and in rural settings has occurred as well. Most DAs lodged with Council are for smaller residential developments, however at least a couple of times a year Council receive applications for larger developments. Council supports Complying Development Certificates when possible. Over the reporting period 0 Complying Development Certificate applications were lodged with Council for development in Wilcannia. As part of the DA process Council has also issued 11 Construction Certificates and 4 Occupation Certificates.

DA Categories and Values for 2012/13 reporting period		
Development Category	Number of DAs related to this Category	Total Value of Category
Residential	8	\$1,430,148
Commercial	13	\$21,739,193
Rural	2	\$177,000
Signs	2	\$1,500
<b>Total</b>	<b>25</b>	<b>\$23,347,841</b>

### Information about planning agreements

Central Darling Shire Council has not entered into any planning agreements for the reporting period.

### Section 67 – Work carried out on Private Land

Central Darling Shire council has had no Section 67 works completed for the reporting period.

## Environment

### Climate Change

Over recent years increased focus is being placed on climate change and what this means for the local environment and local communities. To date, Council has had minimal input into climate change and the possible effects on the local area and the operations of Council, due to lack of funding & resources.

## Domestic Waste Management

### Waste Management

S428(2)(b) Asset Management	
Performance Requirement	Assessment
Continue to improve Menindee & Wilcannia Waste Depots	Ongoing
Implement improvements to Ivanhoe Waste Depot	Completed
Source contracts through NetWaste for sale of recyclables	Contracts continually being sourced.

Council manages and operates 7 waste depots across the Shire. Each waste depot consists of a landfill, with Wilcannia, Menindee and Ivanhoe also having broader recycling streams. Council's waste depots are located in Wilcannia, Menindee, Ivanhoe, Sunset Strip, White Cliffs and Tilpa. Due to numerous complaints regarding illegal burning over past years, Council introduced restricted access to its waste depots in Menindee, Wilcannia & Ivanhoe. This means these waste depots are manned by a Waste Operator during opening hours and open 4 days a week on Thursday, Friday, Saturday & Sunday for 3 hours per day with an extra 2 hours on Saturday afternoons. The larger recycling streams provide for separation of large wastes, such as scrap metal, tyres, green waste, timber products, and concrete products. It is often difficult to keep these lines defined, as many dumpers do not segregate their wastes, and often the wrong materials end up in the wrong areas. This is an ongoing challenge for Council.

Future recycling opportunities are very difficult to secure due to distance and freight costs. The option to further refine recycling lines into glass, plastic, cans and other streams is not currently viable and Council does not have available funds to introduce these changes.

Council provides kerbside collection services to the towns of Wilcannia, Menindee and Ivanhoe. Collection is via 240L wheelie bins and garbage trucks and is provided to 795 residential and commercial properties.

#### Ivanhoe Multi Service outlet

Throughout the last financial year the Ivanhoe MSO has continued to provide support to our MSO/HACC Clients and the wider Ivanhoe community by providing Community Transport (local and distance), Social Support, Meals on Wheels, and Yard Maintenance Services along with the general day to day CDSC enquiries at the Office.

The MSO Office is a friendly place where our MSO Clients and Ivanhoe residents or travellers can get information on various subjects ranging from community services, local road conditions to native flora and fauna, maps and local history brochures. All CDSC Public Notices are displayed and general CDSC information is available. There is also a small lending library of magazines, novels, CD's, DVD's and videos for everyone.

We have been approved to have the Centrelink Access Point for this area operating in the MS Office which provides direct online Centrelink Services and telephone services to Centrelink. Our staff are on hand to help and of our customers who may find it difficult to speak over the phone or have lengthy forms to fill in.

#### Medical/Social Trips

Our CDSC MSO Community Bus is an essential service and a popular trip away for clients as well as other community members for shopping, medical appointments, and social outings to Griffith and Hay. Local shopping trips are available each day of the week with the most popular days being Tuesday's and Thursday's. Community Transport for NSW and ADHC (HACC) NSW fund all these services for remote and isolated Communities and CDSC auspice this funding.

#### MSO Volunteers

Keith Anderson, Lili Kitone, Ron Maiden and Peter Robertson has taken on this Volunteer Bus Driver position who has proved to be a part of the MSO team.

Barbara Clayton and Lili Kitone were the MSO volunteers for the Meals on Wheels

#### Meals on Wheels – Ivanhoe

Meals on Wheels is available from the Correctional Services kitchen Monday to Fridays (even Christmas and Easter day and other public holidays). Meals are being delivered between 4pm and 5pm each day. This important service is funded by ADHAC (HACC) and auspiced by CDSC.

#### *Seniors Broadband*

Again, this year we have been able to supply two Seniors Broadband computers which are available for use by our clients and the Ivanhoe Community. Our volunteer tutors are Ashley Bourke, Tammie McMaster and Margie Barter.

#### *Social Support*

The MSO Office has offered homecare and social support to the elderly and other people that are in the need of help in this area.

Our MSO/HACC clients enjoy morning teas on a regular basis which gives them a chance to chat and catch up with friends. Ivanhoe MSO always celebrates Seniors Week with the MSO having a special morning tea for local seniors. At the end of the year we have a Christmas Luncheon which is always a lot of fun and a good way to celebrate together.

#### Menindee Transaction Centre

The Transaction Centre is a presence for the Central Darling Shire Council in Menindee as part of the Community and Economic Development sector of Council.

The majority of Council dealings can be dealt with at the Centre, but we are only a phone call away to Wilcannia if the need arises.

The Centre is always a hive of activity and we are eager to hear of new ideas and technology use for the Community.

Please feel free if you are in Menindee to call into the Centre to view the facilities.

- **Centrelink Agency** for lodgment of forms, phone contact, and identification needs etc. 9.30am-12.30pm Monday — Friday
- **Room Hire** - available for meetings or appointments
- **Hall Hire** - Menindee Civic Hall for meetings, functions and courses
- **All secretarial needs** – Word processing, laminating, photocopying, shredding, printing
- **Contact Centre** for many Community Service Organisations in Broken Hill – Legal Centre, CentaCare, Community Corrections, Trustee and Guardian, Lifeline and St. Vincent de Paul.

#### Menindee Civic Hall

Is the venue for a number of functions held by the community throughout the year with a highlight being Beckler's Botanical Bounty group of enthusiastic botanical artists who have returned for the fifth annual visit to collect plant specimens that were identified by the Burke & Wills Expedition Botanist Beckler back in 1860s. It was originally a 5year project which has seen some 40+ plants identified, collected, painted and stored in both the Melbourne and Sydney Herbariums; a final exhibition will be held in Bendigo at a later time. Meanwhile, as a lasting thank you gift a donation of a smaller exhibition to the

Community exhibition at the Visitor Centre.

Menindee was made. The will be housed Menindee Information

#### Community Library

The Menindee Children's Centre students and staff are regular visitors to the Centre for **book reading** sessions. Keeping in line with the pre-school curriculum theme the book titled 'Cuddly Koala' was read and craft activities held. The pre-schoolers (and staff) enjoy their visits especially in the warmer weather when ice-blocks finish off the session!

With an ever increasing donation of books being received there has become the need to expand the **non-fiction/reference section** of the Library. Thanks to Deanna Pinal who volunteered her time after finishing her Yr 12 studies this section is now catalogued in line with the Dewey Decimal System. Reading is integral to the continued learning of all in our community and thanks to the Indigenous Literacy Foundation we are continuing to receive a great selection of books to make this happen.

Thanks to the Men-in-dee Shed members the library shelving has been reinforced to support the 2,000+ books now housed in the Library.

A Blue Light Disco was held to celebrate **Youth Week** and was a great success with 60 school age children + parents and younger siblings having lots of fun dancing to the music of DJ Rowena from the Broken Hill PCYC. Funding for the event was received from Central Darling Shire Council and NSW Education and Communities.

A number of **Morning Teas** are held throughout the year either at the Centre or in **conjunction with other community groups**. Below left is a photo of a Thank You morning tea to celebrate *Volunteer Week* held in May. The photo in the middle shows Deanna Pinal serving morning tea to our 'young at heart' members of the community during *Seniors Week* in March. *Australia's Biggest Morning Tea* has been held for the past 8 years with over \$5,000 being raised in the community. On average 45 morning tea orders are delivered to various businesses and government departments who are unable to attend a themed gathering on the day at the Pensioner Hall.

**Employment and Succession Planning** During the current financial year the need arose to employ a Casual Admin Assistant at the Transaction Centre to cover staff leave. With her Yr. 12 studies and School Based Trainee Certificate II completed at the Centre, Deanna Pinal was the ideal candidate for the position. Deanna is continuing in a Traineeship capacity undertaking Certificate III in Business Admin.

Following on from the construction of the BMX Track in the Burke & Wills Oval/Park grounds in late 2013-14; funding over a two-year period has allowed for a 40m x 20m covered cemented area to be built providing the community with a venue that can host a multitude of events ranging from sporting to entertainment to accommodation. This Multi-Purpose Centre will be an ongoing work space to incorporate all facets of use.

Central Darling Shire registered for, and took part in, the **Australia's Biggest Garage Sale Trail**. In Menindee some locals held their Garage Sale at their own residence while others took advantage of the great space of the Multi-Purpose Centre to have a stall at a community site.

## Roads and Bridges

#### Regional Roads

Council maintains 790km of Regional (or Main) Roads within the Shire. Funding received included \$2,545,000 from Regional Road Block Grant, \$350,000 from Roads to Recovery and \$400,000 from Regional Roads Repair Program

Expenditure of the Block Grant included maintenance grading works, construction and resealing works.

Construction projects included 3.5km of reconstruction and seal on the Balranald Rd MR67 which leaves approximately 7km remaining within the Shire. The Menindee-Ivanhoe Rd MR433 received REPAIR program funding to complete 100km of grid replacements and reconstruction and sealed approaches.

Reseals were carried out in this financial year in the following locations:

#### MR67 Balranald Rd 3.0km

Expenditure of the Roads to Recovery was allocated and completed on the Pooncarie Rd, MR68C. The shaping and capping works included reconstruction of the sand hill areas by blending clay based material with natural sandy loam to improve road safety.

#### Local Roads

Council maintains 1600km of Local Roads within the Shire. Funding received from Federal Assistance Grant totalled \$1,480,000 and an additional \$350,000 allocated from Roads to Recovery.

The majority of local road expenditure included maintenance grading works and reconstruction works.

Roads to Recovery allocation of \$350,000 was utilised on SR1 Wilcannia-Tilpa east Rd (\$135,000) to reconstruct and gravel causeway approaches to the 2 new bridges, White Cliffs town streets (\$215,000) to reconstruct and seal Morrison Street.

Town Street routine maintenance works are ongoing and include kerb and gutter cleaning on a weekly basis, tree and ground vegetation maintenance, street sweeping and sign maintenance.

#### Bridges

Routine maintenance carried out on Council owned bridges included visual inspections, vegetation control and minor repairs. Recent bridge replacements have seen 50% of Council owned bridges replaced within the Shire, as per Council's Asset Management Plan all dilapidated timber bridges have now been replaced.

#### Works on Private Land

Council carried out private tendered works for the NSW Public Works – Contract 1301115, Darling Basin Drilling Program in 2014/15. The two sites were located at "Tiltagoonah" within Cobar Shire and "Meena Murtee" within Central Darling Shire. The purpose and nature of the works entailed site rehabilitation works for drill pads (CO2 deep drilling operations that were carried out by 3<sup>rd</sup> parties.)

Council received \$149,492 in Private Works income, the majority of which resulted from works above.

#### Water, Sewer & Stormwater

Asset Management	
Performance Requirement	Assessment
Maintain consistency of primary treated water to town of White Cliffs	Ongoing
Maintain consistency of potable and raw water supplies to Ivanhoe and Wilcannia	Ongoing
Ensure that the current standard of sewerage collection is maintained	Ongoing

### Major Activities

Wilcannia Water Supply and Sewerage Services continue to benefit from the Aboriginal Communities Water Supply and Sewerage Program and the Remote Communities Water Supply and Sewerage Program funded predominantly by the Commonwealth Government.

The Aboriginal Communities Water Supply and Sewerage Program continues to provide funding for ongoing operational support for the Mallee and Warrali Aboriginal Estates in the amount of \$121k for routine maintenance and repairs. These funds are implemented in accordance with the Service Agreement between Council and the NSW Office of Water.

The \$3.3Mil Wilcannia Water Supply and Sewerage Augmentation Contract (2012), funded by the Remote Communities Water Supply and Sewerage Program, continued with completion of the Wilcannia WTP Upgrade and the Wilcannia Filtered Reservoir Relining.

The works described as the Wilcannia Water Supply and Sewerage Augmentation (2012) contract – Civil Works were awarded to PFC Constructions. These works commenced in May 2014 and were completed in February 2015

### Water

Potable (treated) and raw (untreated) water supplies continued to be provided to the townships of Wilcannia and Ivanhoe in accordance with NSW Office of Water and Department of Health regulations and guidelines in conjunction with a testing regime undertaken by Council operators in consultation with these government agencies.

Wilcannia and Ivanhoe Water Supply is sourced from a combination of river and bore supplies. In the past year, Wilcannia was serviced predominately from Darling River flows and Ivanhoe has been serviced from Morrisons Lake Reservoir fed from Willandra Creek.

White Cliffs is serviced by a reticulated non-potable filtered water supply and is sourced from surface runoff collected in large off-line ground tanks. Typical operational issues are reticulation leakage from agricultural grade poly pipe network and low pressure issues. Main leakages are repaired as they arise. Water pressure issues are predominantly the responsibility of householders at White Cliffs where a header tank is to be provided by each dwelling/dugout.

Menindee Water Supply is managed by Essential Water pursuant to Water Management (General) Regulation (2011) and related to the establishment of the now redundant Broken Hill Water Board.

### Sewer

Wilcannia Sewerage Services is comprised of a Common Effluent Collection System which collects domestic sewage from connected properties and discharges to the Wilcannia Sewerage Treatment Plant (Oxidation Ponds). The recent Civil Works Upgrades included the sewer systems in the Aboriginal precincts of Mallee and Waralli being converted to full gravity sewer systems. The 2 existing pump stations at Warralli were replaced with one single pump station and 2 new lift wells were installed in the Mallee.

Ivanhoe, Menindee and White Cliffs residents manage generated sewerage with on-site facilities.
