Dear Mr Gladstone,

**Re: GIPA request – Food safety inspections for 2014, 2015, 2016**

Please find below the information you requested in your email of 28 October 2016 relating to aspects of Council's food surveillance activity.

Year	2014	2015	2016
No. inspections	88	115	112
No. Warnings Issued	8	7	27
No. Fines Issued	0	0	0
% Outlets Inspected	96%	97%	98%
No. Outlets Shut Down	0	0	0
Worst Offences/Biggest Fines	No fines issued	No fines issued	No fines issued

The jump in inspections between 2014 and 2015, is because the NSW Food Authority expanded the range of temporary food outlets Council was required to inspect.

If you require further information please contact Council's Department of Development, Planning & Regulatory Services on (02) 6730 2350.

Yours sincerely,

Anna Watt  
Director of Corporate and Community Services
