Due to the competitiveness of this program special entry schemes including the Educational Access Scheme (EAS) do not apply and Griffith students may not apply for the Bachelor of Oral Health in Dental Science program by submitting an internal transfer.

Selection for admission to an undergraduate degree is made on the basis of academic merit.

Selection for admission is competitive as the number of applicants generally exceeds the places available. The minimum requirement for eligibility for admission is completion of Year 12 of secondary school or equivalent academic achievement.

Prerequisites for admission may be specified in terms of levels of achievement in particular Year 12 subjects. Prerequisite conditions may be satisfied by other study or experience which

is considered to be equivalent to the Year 12 prerequisites.

Students apply for admission through Queensland Tertiary Admission Centre (QTAC) or Universities Admissions Centre (UAC) (NSW and ACT). The QTAC, ATAR or GPA score is used to rank students.

4. What is the UMAT cut-off score for interviews?

UMAT is not used as a selection tool.

5. How are personal statements used in the selection process?

6. How is work experience placement used in the selection process?
