I have attached my most current voter roll. Any entries which have changed since last week are highlighted in orange. We may have the odd entry to amend between now and the vote.

Many thanks,

Hi [REDACTED]

Thanks for the extra details. I have amended and included the Doc Inclusion document if you wish to include it with a copy of the agreement as another form of notice with voters. I have also updated site notice doc (for site display) and included a Voter Process letter, which can be provided to voters, union reps or affiliates about the process overall.

I will make contact with [REDACTED] regarding IT access. Would you like [REDACTED] and [REDACTED] to also be sent test vote credentials? If appropriate, for all 3 contacts to provide a mobile number for secure ballot portal password delivery, the day prior to the ballot.

I have been today working on the data list provided on the 18th and will upload this on Thursday in readiness for the vote introduction to go out on Sunday night. As the bulk of the data is now ready, unless

there is massive changes to the data already provided I can continue to work off that list ? You would like me to send you a copy of version I have been working on ?

If you like can just send me updates, as they come to hand (EG [REDACTED] with no email address or [REDACTED] who I think was going to be on leave) Ideally, the voter roll is finalised by COB tomorrow. Having said that voters can be added/amended or removed at any time, up to and including during the ballot, should the need arise for any reason.

Regards
