Dear Ms Eddie,

Notice of Invalid application – GIPA904

Sirius Building

We received your email requesting information under the *Government Information (Public Access) Act 2009* (GIPA Act) on **9 May 2017**. The \$30 application fee received on **23 May 2017** confirms processing under a 'Formal' request.

You have requested access to the following information:

"I am writing to request all communications referencing 'Sirius' building to and from ministers Robyn Parker, Rob Stokes and Mark Speakman from 2011 to August 2016.

As then-Minister for Environment and Heritage, Mr Speakman announced in August 2016 that Sirius building would not be heritage listed - against recommendation from the Heritage Council. Heritage listing could stop the building from being demolished.

As such, I am requesting his and his predecessors' correspondence referencing 'Sirius' between 2011 and August 2016".

Your application is invalid because you have not advised of a postal address (section 41(1)(d) of the GIPA Act). Please confirm your postal address in writing.

Additionally, could you please provide your direct email and/or contact details as further communication regarding scope, refinement or payment of processing charges may be required.

Rights of review

If you do not agree that your application is invalid, you may seek a review of this decision. Your review rights are set out in the *enclosed* information sheet.
