Hi

A while ago we had a chat after the Appropriate Behaviours in the Workplace training session and you were talking about social media and the APS. The Australian Public Service Commission recently released [further guidance](#) on APS employees making public comment on social media. Additionally, the [information supporting the Code of Conduct](#) has been updated to reference the new guidance material. I have also attached a link to our current [personal use of social media policy](#).

I thought I would send them to you as you might find it useful.

Warm regards,
Nicole Lisle

Hi

As discussed earlier, People Branch own the [Personal Use of Social Media Policy](#) available through the [People Policies and Guidelines page](#).

For information on using social media in an official capacity, I recommend you speak to the [Programme Communication team](#). I believe what was previously a standalone policy was folded into the Department's [IT Security Policy](#), but you are best confirming that with the Communications team.

Let me know if I can help you with anything else.

Kind regards
Lari
