Dear Ms Aubusson,

Freedom of Information request – Consultation Notification

I refer to your request of 16 September 2013 in which you sought access under the *Freedom of Information Act 1982* (the FOI Act) to documents relating to:

'...The final report of the Independent Audit of Health Care Records for People in Detention on Christmas Island dated 30 August 2012 exercised under the Provision of Health Services contract at CI 6.5.'

Processing of the request has identified documents that are relevant to the request which may concern the commercial or financial affairs of an organisation.

In these circumstances, the Department is required by section 27 of the FOI Act to consult the organisation concerned about the possible release of the documents to the applicants. The FOI Act provides agencies with an additional 30 days to carry out these consultations. The due date for your FOI request is now 15 November 2013.

If the organisation makes submissions that the document should be exempt under section 47, 47G of the FOI Act, the Department is required to take those submissions into account. Release of documents to applicants is then subject to the exercise of review rights by the organisation.

At the conclusion of these consultations, the Department will write to inform you of its decision in relation to the request.
