23 January 2018

Dear Mr Kotchovsky

FREEDOM OF INFORMATION REQUEST RECEIVED – F101

I refer to your email dated 16 January 2018 to the National Offshore Petroleum Safety and Environmental Management Authority (NOPSEMA) requesting the project diving plan for the Inpex Ichtys project which was carried out from the 20/06/2017, under the *Freedom of Information Act 1982* (the FOI Act).

The FOI Act Process

Under the FOI Act, NOPSEMA has 30 days to process your request which commences on 17 January 2018, which is the day after NOPSEMA received your request. NOPSEMA is permitted to extend the timeframe by a further 30 days if your request requires consultation with relevant third parties or for various other reasons. NOPSEMA will contact you if this happens.

The FOI Act provides for charges to be levied for the processing of FOI requests. If such charges apply to the request, you will be provided with an itemised written estimate.

Please note that information released under the FOI Act may later be published online on NOPSEMA's disclosure log <http://www.nopsema.gov.au/resource-centre/foi/disclosure-log/> subject to certain exemptions (for example, personal information will not be published where this would be unreasonable).

It will assist in the efficient processing of your request if you could provide a telephone number at which NOPSEMA can contact you to discuss your request. Should you wish to provide further information, we can be contacted on (08) 6188 8700 or foi@nopsema.gov.au (noting that all correspondence sent through the Righttoknow website is automatically published and therefore will be publically available).

Yours sincerely

Freedom of Information Coordinator
