

Selected permanent visa subclass visa applications decided between 1 July 2015 and 30 June 2018 where a registered migration agent or an authorised recipient was used

Source: Department of Home Affairs, 2019 (RFI 23114.01)

Note 1: A partner application may have been refused at first stage (subclass 309 or 820), resulting in the second stage (subclass 100 or 801) also being refused. In this table, both refusals will be counted.

Note 2: A partner application may have been granted at first stage (subclass 309 or 820) but refused at the second stage (subclass 100 or 801). In this table, both a grant and a refusal will be counted against the respective subclass.

Note 3: This table includes both primary and secondary (dependant) applicants.

Note 4: Applications showing as refused may be changed to a grant if the applicant applies for a review of the decision and is successful.
