Dear Angela,

This is to confirm that the email address provided is an address to which the Department can send notices.
You state you are not satisfied that the address meets the requirement of 'details of how notices under this Act may be sent to the applicant', referencing Section15 (2)(c).

The subsection however makes it clear that an electronic address meets this requirement. The full text reads:

(c) give details of how notices under this Act may be sent to the applicant (for example, by providing an electronic address to which notices may be sent by electronic communication. "electronic communication" has the same meaning as in the Electronic Transactions Act 1999 .

In the same way that Section 15(2A) authorised me to make my request by sending the application to an electronic address specified by the department, I designate this address as the detail required by Section 15(2)(c) of how a notice may be sent to me.

It is of no relevance that any notice sent to me at this electronic address subsequently may be published on the internet.

Yours sincerely,

Freedom of Information Act 1982
