Dear Mr Nothdurft

Request for access to documents under *the Freedom of Information Act 1982*

I refer to your *Freedom of Information Act 1982* (FOI Act) request dated 29 August 2019, received on 29 August 2019, in which you sought access to “documents/notes/ records/emails/journals that reference or pertain to the following standard/high level architecture, NBN-NTO-EDS-359, Network Design Rules MTM Distribution Fibre Network.”

I confirm that I am an authorised decision maker within the meaning of section 23 of the FOI Act.

I have conducted searches of the Australian Communications and Media Authority's (ACMA) document management system and made enquiries of relevant ACMA staff. The ACMA has been unable to locate any additional document(s) that fall with the scope of your request other than your initial Freedom of Information application, dated 17 August 2019, and our response to your request, dated 26 August 2019.

Pursuant to subsection 24A(1) of the FOI Act, I am refusing your request for access after taking all reasonable steps to find the document(s) and being satisfied that the document(s) do not exist within the ACMA. To the best of our knowledge, the ACMA has never been in possession of a copy of this document or documents pertaining to this document.
