Subject: FW: Sports - Check Substances [SEC=UNCLASSIFIED]

Hi s 22

Is it possible to add a sport to CYS as per the request below?

I have received a draft AD Policy for approval for this organisation and they are applying to the ASC for recognition.

Hi s 22

Can you please have your team review the list of sports includes in the drop down box for selecting a sport on the home page of the check substances web tool?

Boccia is a Paralympic sport, that's not included. We have been undertaking education with our Boccia program and it would be most appropriate if they could select their sport accurately when checking substances online.

Thanks,

Hi s 22

I have forwarded the request to the ASADA Science staff for their assessment. I am currently working through the anti-doping policy approval for BA.

Hi s 22

As part of the approval process for BA I have requested the BISFed anti-doping policy as IF rules are referenced in every domestic NSO AD Policy. I anticipate that when we have both of those approved internally we can then be certain of the prohibited list to attach to Boccia and we can display it. Hopefully that all will not take too long.
