Hi s 47F

Please see attached the first FWBC Monthly Benefit Feature for 2014. This month we are promoting the fuelcard discount available for FWBC employees through their employee benefits program.

I have organised a print of attached and you should be receiving these posters in the post on Monday. Thank you in advance for putting these up around the office. Employees will also receive an email communication about this benefit next week.

I have attached a PDF and jpeg version that you can use for further promotion on your company intranet or internal newsletters.

Thanks in advance for your support with the program and ensuring that it is highly visible in the workplace.

Kind regards

s 47F
