Hello s 47F

I hope you are well.

I'm hoping you've received our special Christmas advent calendar and have managed to have a peek behind some of the windows?

While everyone is in the shopping and saving mood, with our incredible discounts and benefits, we wanted to remind you that we are there for you 12 months of the year when it comes to your Employee Engagement strategy.

Recognition, Communications, Wellbeing, Insights and Feedback are always the gift that keeps on giving, not only for your employees but for you and the team at Australian Building and Construction Commission.

You are already on your engagement journey with iBenefit and we want to take the opportunity to see how else we can assist you in achieving your EVP goals in 2020.

I've also attached a Christmas poster which you can place around the office.

Thanks,

s 47F
