

Dear FOI Applicant

I refer to your email seeking documents under the Freedom of Information Act 1982.

The standard timeframe for processing requests under the FOI Act is 30 days.

However, section 15AA of the FOI Act enables this timeframe to be extended by agreement.

Due to the nature of the searches that are required to identify any documents that correspond to the description in your request, and the demands that the COVID-19 context is placing on the ATO resources that would conduct those searches, I email to seek your agreement to extend the timeframe for our response to this request by 30 days, which would result in our response to you being due by Monday 4 May 2020. We will of course continue our work in relation to your request, and will respond earlier if we are able to do so.

Thank you
