They have the weekend as well so I think we have plenty of time with Addendum 6 coming in. The questions for it are also not around merit in particular so all good.

Cheers,

s47F

Great. Are you satisfied we don't need to give tenderers extra time with the new information in Addendum 6?

Hi s47F

It does include that one. ☺ We got the advice this morning.

Cheers,

Hi s47F

Great news – last one! Does this include the question you referred to Legal? Or are we still waiting on a response for that one?

Regards,

Hi s47F

Last addendum for publishing for the RIF tender at this ___and s47F approval below.

We've decided to put an automatic reply on that we will not be answering any further questions after today as it is less than 5 business days till close so no more after this one.

Cheers,

Hi s47F

Sixth addendum for review at this [link](#). I've attached the original emails (and the legal advice for the first question) as well.

For the incubator employing RIF question there is a section highlighted in yellow which I'm undecided if we need in or not. Let me know what you think.

I was thinking that we should wait to see if any other questions come in today before sending this one off to Procurement for publishing so we can just add to it as needed. That ok with you?

Cheers,

Subject: question re Regional Incubator Facilitators

Sensitivity: Normal

RE: ATM ID: PRI-00003859

ATM Title: Regional Incubator Facilitators

Could you please advise

“if an applicant has or is employment or subcontract with a Business Incubator would that Incubator still be eligible to apply for Regional Incubator funding?”

With thanks

REQUEST FOR TENDER (RFT) NO. PRI00003859

Regional Incubator Facilitators

ADDENDUM NUMBER 6

Questions and Answers

As at 1 February 2018

Question 1. Is an Incorporated Not For Profit, which has Annual Audits, eligible under the entry criteria? Could a Not For Profit with annual Auditing be considered as an applicant under this application process or is it strictly for a Registered Company with a ACN?

Answer 1. For the avoidance of doubt, to be a successful tenderer you must be, or must become, a company incorporated under the *Corporations Act 2001* (the Act) with an Australian Company Number.

It is not sufficient to be, or to become, an entity incorporated under another piece of legislation or to be registered under the Act as a registered Australian body with an Australian Registered Body Number.

The department cannot provide advice on your eligibility for being incorporated under the Act. You should contact ASIC if you require any further information on becoming company incorporated under the Act.

Question 2. If an applicant has or is employed or subcontracted with a Business Incubator would that Incubator still be eligible to apply for Regional Incubator funding?

Answer 2. To be eligible to participate in the Regional Incubator Facilitator request for tender, all tenderers must meet the conditions of participation. These conditions do not preclude companies from tendering where they have received or intend to apply for the Incubator Support Initiative.

If a company was successful in the tender process for the Regional Incubator Facilitator role this would also not preclude the company from applying for the Incubator Support initiative.

Eligibility of applications under the Incubator Support initiative is determined at the time of application in line with the eligibility criteria outlined in the Programme Guidelines available on business.gov.au.

If a company that is an incubator or provides incubator services was successful in the tender process, the company would need to ensure that the individual fulfilling the Regional Incubator Facilitator services:

- did not complete any work for the incubator, for example, but not limited to, delivery of programs and services, promotion of the incubator's services;
- is engaged solely to conduct Regional Incubator Facilitator services;
- and there is a clear and visible separation between the Regional Incubator Facilitator and the incubator.

In addition, the Regional Incubator Facilitator would not be able to provide assistance to the incubator or review its applications in relation to the Incubator Support initiative. A different Regional Incubator Facilitator would be allocated to conduct these activities.

It is also noted that successful tenderers need to ensure compliance with the contract clauses, including those related to confidentiality and conflict of interest, and this would continue to apply in the described situation.
