Dear all,

Thank you all for your contributions to the Regulation Impact Statement (RIS) on the measure to ban the importation of new psychoactive substances so far. They have been very helpful in preparing the document and guiding our thinking on the policy.

Please find attached a copy of the RIS which we released today for public consultation. It will shortly appear on AGD and the Office of Best Practice Regulation's (OBPR) websites. It has been updated from previous versions to respond to OBPR's early assessment comments.

We would be grateful for any further comments you may have on the RIS. To meet policy approval deadlines, we would be grateful if you could provide any comments by **5pm on Friday, 16 May 2014**.

47C

Please do not hesitate to contact me should you wish to discuss.

Kind regards,

Hi Kris

As foreshadowed the other day, more drugs work for you to take carriage of

There should be an NPS file (or pile) among Megan's things (and certainly emails in the inbox and docs in the H drive).

While we don't need to take any further action in relation to this particular request from AGD, we will need to be at the ready to comment on draft provisions. It will also be important to remind our internal stakeholders that this is moving along (we can talk about how best to do that tomorrow).

In the meantime, I'll need to get yourself up to speed on where everything is at. I've copied in Kat - she may be able to assist in reviewing the file / compiling a file and then preparing an informal summary of the work/issues to date on NPS (I figure 2 heads are better than 1!). That might free you up to focus on firearms, crime code drugs changes etc

I'll have some guidance to you on firearms reforms shortly.

Cheers,  
Elsa
