Dear Ellie

**Freedom of Information Act 1982 – Notice of Decision**

I refer to your correspondence, received by the Department of Industry, Science, Energy and Resources (**the department**) on 1 December 2020, and subsequent correspondence to clarify the scope of your request, for access under the *Freedom of Information Act 1982 (FOI Act)* as follows:

*I REQUEST under the Freedom of Information (FOI) Act from the Department of Industry, Science, Energy and Resources (Department) document containing:*

- (1) the first RIF webpage [1] version published that states "Most recently Daniel was the Australian Country Manager for one of the largest start-up accelerators in the world" and any webpage content approvals/suggestions by Zoe Naden and Daniel Smith; and*
- (2) correspondence and/or documentation from Daniel Smith made available to Zoe Naden during the tender process disclosing Daniel's engagement with MassChallenge as noted in [2]; and*
- (3) correspondence and/or documentation from Daniel Smith made available to any other Department staff member during the tender process disclosing Daniel's engagement with MassChallenge as noted in [2].*

**Background**

On 23 December 2020 you were issued with a notice of intention to refuse the request on the basis that the work involved would amount to a substantial and unreasonable diversion of the department's resources. You were invited to refine the scope of your request within 14 days.

On 23 December 2020 you provided the Department with a refined scope for your request, and were notified on 4 January 2021 that this revised scope had been forwarded for consideration.

**Decision**

I am an authorised decision maker under section 23 of the FOI Act.

On the outset, I have decided not to impose any charges for the processing of your request.

I am satisfied that all reasonable searches have been undertaken for documents relevant to your request. I am advised that the department has in its possession two documents that are relevant to your request. These documents are described in the Schedule of Documents at **Attachment A**.

**industry.gov.au**

Industry House - 10 Binara Street, Canberra City, ACT 2601  
GPO Box 2013 Canberra ACT 2601 ABN: 74 599 608 295

I have decided to:

- grant access to one document in full; and
- grant access to one document in part.

I have found that the requested documents contain material which is exempt under:

- section 47F(1) of the FOI Act, as disclosure of the information would be an unreasonable disclosure of an individual's personal information; and
- section 47G of the FOI Act, as disclosure of the information would be an unreasonable disclosure of an individual's or an organisation's business information.

The reasons for my decision are set out below, as required by section 26 of the FOI Act, in Part A of the Annexure.

If you are dissatisfied with my decision, your review rights are set out in Part B of the Annexure.

Yours sincerely

Claire Forsyth  
General Manager  
Business Outreach and Engagement

**Request: ELLIE – 1 December 2020 (LEX 67636)**  
**Decision Maker: Claire Forsyth, General Manager, Business Outreach and Engagement**

**1. Evidence/Material on which my findings were based**

1.1 In reaching my decision, I relied on the following information and documentary evidence:

- the FOI Act;
- the contents of the documents described in Attachment A;
- your correspondence setting out the particulars of your request;
- consultation with departmental officers as to the nature of the documents;
- consultation with affected third parties as to the nature of the documents; and
- the Guidelines issued by the Office of the Australian Information Commissioner under section 93A of the FOI Act (**FOI Guidelines**).

**2. Section 47F – Personal Information**

2.1 Subsection 47F(1) of the FOI Act provides that:

*A document is conditionally exempt if its disclosure under this Act would involve the unreasonable disclosure of personal information about any person (including a deceased person).*

2.2 The term, ‘personal information’, is defined in section 4 of the FOI Act to mean:

*information or an opinion (including information forming part of a database), whether true or not, and whether recorded in a material form or not, about an individual whose identity is apparent, or can reasonably be ascertained, from the information or opinion.*

2.3 When determining whether the disclosure of personal information would be unreasonable, subsection 47F(2) of the FOI Act requires me to consider:

- (a) the extent to which the information is well known;
- (b) whether the person to whom the information relates is known to be (or to have been) associated with the matters dealt with in the document;
- (c) the availability of the information from publicly accessible sources; and
- (d) any other matters that I consider relevant.

2.4 I have decided that material contained in Document 1, as identified in the Schedule of Documents, is conditionally exempt under subsection 47F(1) of the FOI Act.

2.5 The information which I have determined would be unreasonable to disclose comprises personal information about the tenderer and other third party individuals, including identifying information, contact information, qualifications, work history, and information and options about skills and experience. This personal information is not well known or publicly available, and the individuals to which part of the information relates are not known to be (or to have been) associated with the matters contained in the document. I also do not consider that any public purpose would be achieved through the release of the personal information of these third parties.

- 2.6 Under subsection 11A(5) of the FOI Act, the department must give you access to this conditionally exempt material unless in the circumstances it would be, on balance, contrary to the public interest to do so. Subsection 11A(5) of the FOI Act sets out the following factors favouring access to a document:
- promote the objects of the FOI Act;
  - inform debate on a matter of public importance;
  - promote effective oversight of public expenditure; and
  - allow a person access to his or her own personal information.
- 2.7 I have considered each of the factors favouring access listed above. I do not consider that disclosure of the personal information in question would go towards promoting the objects of the FOI Act, as the FOI Act recognises the need to protect unreasonable intrusions on the privacy of individuals. Nor do I consider that disclosure would materially inform debate on a matter of public importance, or promote effective oversight of public expenditure. As the personal information relates to third parties and not yourself, the fourth public interest factor is not relevant.
- 2.8 I have taken into account the extent to which disclosure would prejudice the individuals' personal privacy, and also consider that the release of personal information could cause stress to the persons to whom the information relates.
- 2.9 Further, I have considered the previous effects of releasing information about Regional Incubator Facilitators (**RIFs**) in response to similar FOI requests. In particular, I am mindful that those releases has resulted in RIFs being directly contacted on their personal phone numbers and being targeted by public campaigns. It is reasonably foreseeable that such harm will continue to occur if I were to release the personal information of the RIF named in this FOI request.
- 2.10 Following consideration of these factors, I have decided that in the circumstances of this particular matter, the public interest in disclosing the personal information is outweighed by the public interest against disclosure.
- 2.11 Therefore, I am satisfied that the material is of such a nature that it is conditionally exempt under subsection 47F(1) of the FOI Act. Furthermore, I have decided that on balance it would be contrary to the public interest to release this information. Accordingly, I have deleted the exempt material in Document 1 and have decided to release the remaining material in accordance with subsection 22(1) of the FOI Act.

### 3. Section 47G – Business Information

- 3.1 Section 47G(1) of the FOI Act provides that:

*A document is conditionally exempt if its disclosure under the FOI Act would disclose information concerning a person in respect of his or her business or professional affairs or concerning the business, commercial or financial affairs of an organisation or undertaking, in a case in which the disclosure of the information:*

- (a) *would, or could reasonably be expected to, unreasonably affect that person adversely in respect of his or her lawful business or professional affairs or that organisation or undertaking in respect of its lawful business, commercial or financial affairs; or*
- (b) *could reasonably be expected to prejudice the future supply of information to the Commonwealth ...."*

- 3.2 In addition to being personal information, certain material contained in Document 1 concerns the tenderer's business and professional affairs. I am satisfied that disclosure of the information would, or could reasonably be expected to, unreasonably adversely affect the tenderer in respect of his lawful business or professional affairs. The relevant material addresses the tenderer's response to the selection criteria, including his proposed approach to the delivery of services, and relevant experience and skills to meet the requirements. The FOI Act does not restrict the use or further dissemination of released material. If the information were to become more widely known, it could be used by third parties in similar competitive tendering or recruitment processes, to the possible business, professional and financial detriment of this particular tenderer.
- 3.3 Accordingly, I am satisfied that certain material contained in Document 1 is conditionally exempt under section 47G(1) of the FOI Act.
- 3.4 Subsection 11A(5) of the FOI Act requires that access to a conditionally exempt document, including a document that is conditionally exempt under section 47G must be given to the applicant unless disclosure of the document would, on balance, be contrary to the public interest. I have considered section 11B of the FOI Act and Part 6 of the FOI Guidelines when applying the public interest test.
- 3.5 In weighing up the public interest factors both in favour and against disclosure, I have considered the factors favouring access set out in subsection 11B(3) of the FOI Act and the further factors and guidance material set out in the FOI Guidelines. I have therefore considered the following factors which may favour disclosure, including the extent to which disclosure would:
- promote the objects of the FOI Act;
  - inform debate on a matter of public importance;
  - assist in the effective scrutiny of government decisions; and
  - promote effective oversight of public expenditure.
- 3.6 While I consider that disclosure would promote the objects of the FOI Act and would have some relevance to matters affecting oversight of public expenditure, I do not consider that disclosure of the business information would inform debate on a matter of significant public importance. I consider that the public interest factors in favour of disclosure are outweighed by the public interest factors against disclosure, namely that:
- the information is not well known and is not available from publicly-accessible resources;
  - no public purpose would be achieved through the release of the business information of these people or organisations;
  - disclosure of this information would reasonably be expected to:
    - unreasonably affect a person or organisation in respect of their lawful business affairs; and
    - potentially prejudice the Commonwealth's ability to obtain business information of the same or a similar nature in the future.
- 3.7 Having considered the strengths of the public interest factors for and against disclosure, I am of the view that, on balance, the public interest factors against disclosing the material in Document 1 outweighs those in favour of disclosure
- 3.8 Therefore, I have decided that the relevant material contained in Document 1 is conditionally exempt from disclosure under section 47G(1) of the FOI Act, and that disclosure would be contrary to the public interest. As noted above, I have deleted the exempt material in the document, and decided to release the remaining material to you in accordance with subsection 22(1) of the FOI Act.

#### **4. Publication**

- 4.1 Section 11C of the FOI Act requires agencies to publish documents released through an FOI request on our website within 10 days of release, except in certain circumstances including when the documents contain personal or business information that would be unreasonable to publish.
- 4.2 The documents being released to you contains personal and business information that would be unreasonable to publish. As a result, a redacted copy of the documents will be published on our disclosure log within 10 days of it being released to you.
