**To:** s47E(d)  
**Subject:** How to use Clearview

Hi s47E(d)

You should have a setup email in your inbox shortly. It only takes one minute to install and start searching.

Here are three important tips for using Clearview:

1. **Search a lot.** Your Clearview account has **unlimited** searches. Don't stop at one search. See if you can reach 100 searches. It's a numbers game. Our database is always expanding and you never know when a photo will turn up a lead. Take a selfie with Clearview or search a celebrity to see how powerful the technology can be.
2. **Refer your colleagues.** The more people that search, the more successes. We want to make this advanced technology available to as many investigators as possible. If you think your colleagues might want to try Clearview out for themselves, just send their names and e-mail addresses to help@clearview.ai and we'll sign them all up too.
3. **Get Clearview for the long haul.** If you like Clearview at the end of your trial period and it's helping you solve cases, put us in touch with the appropriate person at your organization who can proceed with procurement.

Feel free to reach out to if you have any questions, comments, or feedback. Just reply to this e-mail or contact help@clearview.ai

Finally, please note the disclaimer at the bottom.

Best regards,

— Team Clearview

Hi s47E(d)

s47E(d) invited you to Clearview!

To try it out for free please click the button below:

What's Clearview?

Clearview is like **Google Search for faces**. Just upload a photo to the app and instantly get results from mug shots, social media, and other publicly available sources.

Our technology combines the **most accurate** facial identification software worldwide with the **single largest** proprietary database of facial images to help you find the suspects you're looking for.

Feel free to reach out to if you have any questions, comments, or feedback. Just reply to this e-mail or contact [help@clearview.ai](mailto:help@clearview.ai)

**For-Official-Use-Only**

Hi s47E(d)

The business are keen to on-board a number of overt, discreet and covert capabilities for use by ACCCE and JACETS.

Previously some had been used on standalone equipment.

s22(1)(a)(ii)

- Clearview (Face Internet index look-up)

These apps are logged onto via the internet, and will require determinations of whether they are invoked overtly s47E(d)

Previously we had s47E(d)

Happy to work through the finer details.

Cheers s47E(d)
