17 August 2021

Dear Mr Willing

## **Woolgoolga Whale Trail**

I refer to your email dated 23 July 2021.

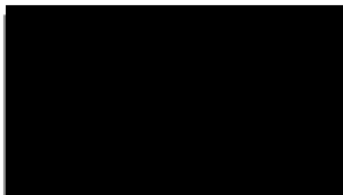

The proposed Woolgoolga Whale Trail was considered at the Council meeting of 22 July 2021 (NOM 21/16) where it was resolved that Council:

1. *Write to Infrastructure Australia to request an extension of time for changes in project delivery timelines, and deliverables, and in the event that the extension is granted that Council;*
  - 1.1 *Create concept drawings of possible path alignment options and put on public display.*
  - 1.2 *Pending path alignment chosen undertake relevant environmental and engineering studies.*
  - 1.3 *Bring proposed path back to Council for determination.*
2. *Continue with completion of broader project interfaces, where possible.*

Council is currently working to determine an appropriate course of action including timeframes to implement the resolutions.

You will be further advised once the course of action and timelines have been determined.

Yours faithfully

Mick Raby  
**Director Sustainable Infrastructure**
