Mr Mark Newton

Dear Mr Newton

Freedom of Information Request No: 34-1213

I refer to your email of 13 April 2013 in which you requested a breakdown of the preliminary estimate of charges payable in respect of your request under the *Freedom of Information Act* (FOI Act).

The number of documents and pages pertaining to each category of your FOI request is as follows:

Category	No of documents / pages
1. Contracts executed between the Commonwealth and any other entity for the supply of the original 2010 desktop Cyber Safety Help Button	4 documents / 110 pages
2. Contracts executed between the Commonwealth and Saltbush Group, or any related entities, for the supply of mobile versions of the Cyber Safety Help Button	3 documents / 74 pages
3. The names of any other software developers contracted for supply of Cyber Safety Help Button software on any platform (published or unpublished), related contracts executed by the Commonwealth, and/or descriptions of any deliverables specified for supply	13 documents / 82 pages
4. Any amendments to said contracts, or variations to deliverables agreed subsequent to the contracts' execution	1 document / 4 pages
5. Invoices received by the Commonwealth pertaining to the documents requested above	10 documents / 10 pages

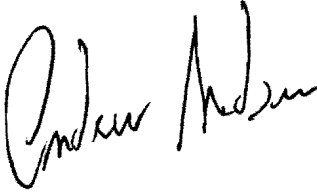

As advised in my previous correspondence to you, you have until 8 May 2013 to either:

- agree to pay the charge and forward the deposit; or
- contend that the charge has been wrongly assessed, or should be reduced or not imposed (you should provide full reasons for your contention); or
- narrow the scope of your request (which may reduce the charge payable); or
- withdraw your request.

If you fail to notify the Department in a manner mentioned above by 8 May 2013, your request will be taken to have been withdrawn.

If you have any queries, please contact a member of the FOI team on 6271 1741 or by email at foi@dbcde.gov.au.

Yours sincerely
