Dear Ms Chamarette

Decision on your Freedom of Information Request

I refer to your emails of 3 February 2022 and 8 March 2022 to the Australian Technical Advisory Group on Immunisation (ATAGI) COVID-19 Working Group Secretariat seeking access under the *Freedom of Information Act 1982* (Cth) (FOI Act) to:

'The evidence base behind reducing the temporary exemption period from 6 to 4 months for the temporary deferral of a COVID vaccination, following infection.'

Subsection 15 (2A) of the FOI Act sets out the formal requirements to send a freedom of information (FOI) request to an agency. This includes sending the FOI request by electronic communication to an email or fax address specified by the agency. The email address stipulated by the Department of Health (the department) for receiving FOI requests electronically is foi@health.gov.au.

Your request was received at that address on 16 March 2022. Accordingly, the statutory timeframe for providing a decision in response to your requests commenced on 17 March 2022, the day after your request was received by the department.

I am authorised under subsection 23(1) of the FOI Act to make decisions in relation to Freedom of Information requests. I am writing to notify you of my decision on your request.

FOI decision

I have identified two documents that are relevant to your request. The documents were in the possession of the department when your request was received.

I have decided to give access to both documents in full.

A schedule setting out the documents relevant to your request, with my decision in relation to those documents, is at **ATTACHMENT A**.

Third Party Consultation

On 28 March 2022, you were informed that consultation with a third party would be necessary. I considered the third party's contentions when making my decision.

Legislative provisions
