Hi all

FYI – the applicant raised a few further questions following receipt of our decision letter.

s42

Let us know if you have any questions.

Regards

**s11C**

We refer to your request for clarification below.

We confirm that Tourism Australia has undertaken a thorough search and has not identified any documents in its possession within the scope of your request #2 and #3.

The dot point 'adversely affect or harm the interests of an individual in relation to their ability to negotiate any potential future arrangements', is a factor considered in the context of whether it would be contrary to the public interest to provide access to third party personal information. The factor relates to any third party identified in the Document.

We trust this assists.

Regards,  
Tourism Australia FOI

**Subject:** Re: Tourism Australia board papers July and August 2006

Hi

Thank you.

I have a number of clarifications re: the FOI refusal.

1. TA advised that it does hold any documents with regard #2 and #3 of my original request.

In particular can you check whether the Deed document is held by Tourism Australia - the then Minister, Fran Bailey told parliament that: an agreement between Tourism Australia and Scott

Morrison does in fact exist, and that the TA Board did inform her and her office of the negotiations between TA and Scott Morrison, suggesting a brief was provided to the minister.

2. The refusal letter contains the dot point:

- "adversely affect or harm the interests of an individual in relation to their ability to negotiate any potential future arrangements."

Can TA clarify that this dot point relates exclusively to the individual concerned (ie. Scott Morrison)?

Cheers

**Subject:** Tourism Australia board papers July and August 2006

Hi

I'm making a request under the FOI Act for:

1. The Tourism Australia board papers (including any special board meetings) for the period covering 1 July 2006 through to 31 August 2006 inclusive, covering the separation/dismissal/termination of then Tourism Australia's managing director, Scott Morrison.
2. Any briefing/correspondence/emails between Tourism Australia and then Minister for Tourism the Hon Fran Bailey (and/or the Minister's office) for the period 1 July 2006 to 31 August 2006 associated with the separation/dismissal/termination of then Tourism Australia's managing director, Scott Morrison.
3. The Deed between Tourism Australia and Scott Morrison involving the separation payment made to Mr Morrison covering his separation/dismissal/termination from Tourism Australia.

Many thanks.

Cheers
