Hi Carlo

Thanks for considering the new information provided by Mr Shepherd.

He emailed me twice while I was away last week which I **attach** for your review and response to Mr Shepherd. I'm not sure why he emailed me as I told him another ASIC officer would assess his concerns.

Just FYI I already obtained the information you requested from Mr Shepherd so it's unlikely he will provide the same info twice. I only created a new ROM to obtain evidence of the specific issues [in my registration email](#).

Thanks

Ben Pisano
